Gold Seri Gold Series

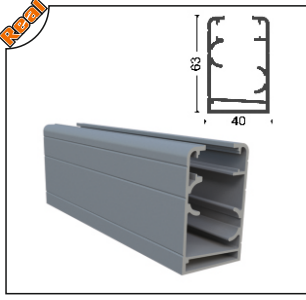

Gold Seri cam balkon uygulamaları için tercih edilen, alttan ve üstten taşınmalı bir sistemdir. Cam paneller sağa ve sola veya her iki tarafa toplanabilir. Kanat profillerinin hem altında hem üstünde yer alan toplamda 4 adet teker takımı özel rulmanlı ve döküm olmayan aşınmaz polyamid kaplamalı teker sistemi bulunmaktadır. Açılı profil kapakları ve fitiller ile her türlü mekana uygulama imkanı sağlar. Tüm aksamlar paslanmaz metalden üretilmiştir.

Gold Series is a top and bottom carrying system preferred for glass balcony applications. Glass panels can be gathered to the right and left or to both sides. There are 4 wheels in total, both under and above the panel profiles, with special bearings and cast non-wearing polyamide coated wheel system. With its angled profile covers and wicks, it provides the opportunity to apply to all kinds of places. All parts are made of stainless metal.
